Subd. In the civil service rules, the candidates are required to be Mysorean by birth or domicile. The domicile is acquired when a person voluntarily fixes the habitation of himself and his family in Mysore not for temporary or special purposes but with the present intention of making it his permanent home. A continued residence for 5 years is prima facie evidence of having acquired a domicile. The C.R.B. may ^{also} ~~perhaps~~ be consulted, asked if they have a working definition of the term Mysorean, including "Mysorean" by domicile.

Sir,

I have the honour to enclose copy of a letter from the Medical Officer, Cheluvamba Hospital, Mysore regarding difficulties in correctly interpreting the term "Mysorean" and "Non-Mysorean" for the purpose of preferential treatment ^{regard to admissions} and levying differential rates of fees according to recent Government Orders. I am afraid there is a real practical difficulty and even the term "domicile" has given considerable difficulty in interpretation in the matter of scholarships and admissions in the University.

I solicit some definite ruling in the matter.

I have the honour to be,

Sir,

Your most obedient servant,

Senior Surgeon.

Letter No.S.21 sated 11-7-1939, from the Medical Officer, Cheluvamba Hospital for Women, Mysore, to the Senior Surgeon in Mysore, Bangalore.

With reference to your No.G.3.151-6 dated 1-7-1939, forwarding copy of G.O.No.G.13158-60/Led.355-38-1 dated 24-6-1939, re: fee to be levied in case of Non-Mysoreans. I have the honour to request you kindly to define clearly as to who is to be treated as "Mysorean", as there will be practical difficulty specially in this Hospital (as well as all the other Women's Hospital) as to decide between Mysoreans and Non-Mysoreans. The examples appended below will to a certain reveal the nature of difficulty in the decision. I, therefore, request you kindly to issue necessary orders in the matter defining clearly the word "Mysorean".

1. A Mysorean by birth married outside the State to a Non-Mysorean and getting herself admitted to this Hospital for confinement in the usual course.
2. A total outsider married to a Non-resident Mysorean and admitted to this Hospital for confinement.
